Greetings in the Lord Jesus Christ!

Yes, it truly is good and even wonderful to be here at St. Mary's, sharing your faith journey and coming to recognize the good Lord, as we strive to come to know Him and cherish His great and majestic love for you and me. We gather here in our "home of worship" to learn and experience God's presence in our lives – it is here in our **church** that we can be ensured of our salvation and eternal life...

How often many of us come to church on Sunday expecting everything to be in place and to run smoothly. We come, we pray and we leave and possibly, that is the extent of our church involvement. Oh yes, we toss in our church envelope and that's it!

Do we realize that many, many *volunteers* are very actively and freely involved, often behind the scene – in order that the parish and the Church can and does exist...

We have volunteers on Parish Council, in the UCWLC, the Knights of Columbus, the Brotherhood, the Golden Ager's Club, the Parish Choirs, the Church Decorating group, the Adult Bible studies, the Children's programs, etc. We also do have volunteers who raise money that we might continue to operate – be it the Bingo which has sponsored so many projects, or making Perogies which demands dozens of willing workers, or selling items of interest or hosting bazaars, bake sales, raffles, etc., etc!

Just this past week wonderful volunteers happily beautified our church for our Christmas celebrations and 3 hard-working parishioners replaced all the old bulbs (**81 of them**) in the dome with LED's and wow! The sanctuary is so much more beautiful!!

Do we truly realize how much we have to be thankful for? Honest – our Church could never, never survive without ALL these voluntary assistance! May the good Lord bless them all and may He also encourage many others to offer their talents for the greater glory of God and humankind.... We do appreciate all that you do! Thank You! *Diakyyu!*

As we prayerfully prepare for Christ-mas, may I share a special poem that can be a source of inspiration – for you and me.... **The Knots Prayer**

Dear God: Please untie the knots that are in my mind, my heart and my life.
Remove the **have nots**, the **can nots** and the **do nots** that I have in my mind.
Erase the **will nots**, the **may nots**, **might nots** that find a home in my heart.
Release me from the **could nots**, **would nots** and **should nots** that obstruct my life.
And most of all, Dear God, I ask that you remove from my mind, my heart and my life all of the **'am nots'** that I have allowed to hold me back, especially the thought that I am not good enough. **Amen.**

Wishing all of you a wonderful, beautiful, peaceful and loveful **Christ-mas** – Yes, the **Reason** for the **Season** is the birth of **Jesus Christ!**

Cyber Safety: Tips for Parents

As Christmas approaches electronics are often high on the wish lists for many of our young people. Although most of us have some vague notions about the need for cyber-safety, many of us are blithely unaware of what we can do to make the internet a safer place for our children. So here are some tips:

1. Talk to your kids about where they go and what they do online. Open communication is a must!
2. Discuss how to be a good 'online citizen' and what your family's values are regarding what is acceptable and what is not. In that regard consider getting family accountability software such as 'Covenant Eyes'. This really is an absolute must regardless of what kind of screening software you might use. If you don't know what accountability software is 'google' Covenant Eyes. Porn sites know how to find and hook kids on their wares...good Catholic boys and girls...even young kids...please do not disregard this caution!
3. Insist on passwords & ask that kids not share these with even their closest friends. Parents always have a right to know where their kids are going and that includes where they go online. Parents always have the right to know what their minor children's passwords are!
4. Share with Care: Younger children should not be allowed to post any personal information or pictures online. That goes doubly for online chat rooms. (Parents should consider whether they would want an online predator looking at pics of their kids before posting them online as well.) For older kids remind them that what they post can be ammunition for cyber bullies or people who may want to take advantage of them. Reinforce that once something is in cyberspace—including even that which is sent privately via text or email—is potentially there forever and could be shared with anyone.
5. Don't respond to a bully or try to defend yourself—the rule of thumb is STOP; BLOCK and TELL.
6. Think before you click—never click on email/text links unless you are 100% certain they are safe, even when they are from people you know.
