

Embracing Christ's Children of the World - Share Your Love / Share Their Future
 Christian Child Care International (CCCI), Christ The Teacher Catholic School Division (CTTCS), &
 Pilgrims Active for Community Enhancement (PACE)

In June of 2007 **Pilgrims Active for Community Enhancement (PACE)** was initiated by a group of young pilgrims traveling to World Youth Day 2008. It set out to raise funds to help build a school in a developing country through **Christian Child Care International (CCCI)**. The goal was to raise \$15,000 that would help build a school. With **Christ The Teacher Catholic School Division (CTTCS)** also raising funds to build the school, the goal can become a reality.

Christ The Teacher Catholic School Division believes it is the purpose of CATHOLIC SCHOOLS to tell the truth about the world. Students in North America need to hear about life beyond their familiar experience, to learn and practice the Good News of Jesus, our Lord.

Therefore, teachers and students in Christ the Teacher Catholic School Division and the pilgrims attending World Youth Day 2008 are committed to raise funds to build a school in Africa. Through Christian Child Care International we have agreed to become a major sponsor in building a primary school in the village of Kamuwongo, Mwinga, located approximately 250 km north of Nairobi in Kenya on the east coast of Africa.

ST. FRANCIS SCHOOL - COST \$41,000

 WE ASK FOR EVERYONE'S SUPPORT.
 Income tax receipts for donations of \$10.00 or more can be issued.*

This school, called St. Francis, will be located on a ten acre complex that is part of Christ the King Parish where the Clarist Sisters are working to provide education to the children. The Sisters have been working at the parish and general area for the last two years and currently provide teaching, pictorial, medical and social services to the people. The dispensary is being run and maintained by the Sisters. While the Clarists are looking up to CCCI to fund the construction work they are also looking for other donor partners. The religious order to which the Sisters belong and the local parish will cover the operating cost of the school but hope to establish a sponsorship program.

There is currently no school in the area but the need and desire is great The planned school will serve roughly 250 children between the ages of 5 and 14. The plan is to build a two storey building with 10 classrooms.

The school will benefit the children, the community and the country as a whole by helping to provide quality education to children in poor rural communities. You can be a part of their joy and education!
